ANTHONY

We had an abundance of rain for a week or more, which has damaged our watermelon and cantaloupe crops, and the worms are cutting short our tomatoes. The corn crop is better than for ten years and more planted than usual.

Our people are looking forward with pleasure to the time when our direct line for hard road will be opened up. Then on this direct route, or nearly so, it will only be five and seven eighths miles from the boundary of Ocala, whereas the McLeod and Kendrick road is one and a half or two miles further to Ocala than by the direct route.

Mrs. Sue Howell has moved back from DeLand to her beautiful residence in Anthony. We welcome her and family back.

The health of our town and section is good.

WE WILL CELEBRATE

As intimated in our last issue Ocala is bent on a big Fourth of July celebration. Mayor Fishel has been hard at work and reports gratifying success.

Just what will constitute the program is not quite settled, but it is likely to contain a balloon ascension or an automobile roundelay, with sack, foot and bicycle races, greased pole climbing and a firemen's contest, baseball, white and colored teams, with other things of a pleasing and entertaining nature. Also an orator of more than state-wide reputation to fly the bird of freedom.

The Star desires to say to its country readers to keep their eye on its columns and watch for the detailed program. Ocala will hump herself on the Fourth.
